SECOND SUBSTITUTE SENATE BILL 5973

AS AMENDED BY THE HOUSE

Passed Legislature - 2009 Regular Session

State of Washington 61st Legislature 2009 Regular Session

By Senate Ways & Means (originally sponsored by Senators Kauffman, McAuliffe, Oemig, Shin, Hobbs, Kohl-Welles, and Kline)

READ FIRST TIME 03/02/09.

1 AN ACT Relating to closing the achievement gap in order to provide
2 all students an excellent and equitable education; amending RCW
3 28A.300.137; adding new sections to chapter 28A.300 RCW; adding a new
4 section to chapter 28A.410 RCW; adding a new section to chapter 28A.660
5 RCW; and creating new sections.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW__SECTION. **Sec. 1.** (1) The legislature finds compelling
8 evidence from five commissioned studies that additional progress must
9 be made to address the achievement gap. Many students are in
10 demographic groups that are overrepresented in measures such as school
11 disciplinary sanctions; failure to meet state academic standards;
12 failure to graduate; enrollment in special education and
13 underperforming schools; enrollment in advanced placement courses,
14 honors programs, and college preparatory classes; and enrollment in and
15 completion of college. The studies contain specific recommendations
16 that are data-driven and drawn from education research, as well as the
17 personal, professional, and cultural experience of those who
18 contributed to the studies. The legislature finds there is no better
19 opportunity to make a strong commitment to closing the achievement gap

1 and to affirm the state's constitutional obligation to provide
2 opportunities to learn for all students without distinction or
3 preference on account of race, ethnicity, socioeconomic status, or
4 gender.

5 (2) The legislature further finds that access to comprehensive and
6 consistent data that is disaggregated in the smallest units allowable
7 by law is important in closing the achievement gap. Policymakers and
8 educators need as much information as possible not only about students'
9 academic progress, but also about other factors across multiple
10 disciplines that affect student performance.

11 (3) A consistent and powerful theme throughout the achievement gap
12 studies was the need for cultural competency in instruction,
13 curriculum, assessment, and professional development. Cultural
14 competency forms a foundation for efforts to address the achievement
15 gap, and more work is needed to embed it into the public school system.

16 (4) Therefore, following the priority recommendations from the
17 achievement gap studies, the legislature intends to:

18 (a) Provide resources to support parent and community involvement
19 and outreach efforts by public schools, including such items as
20 additional notices and communication to parents, translations,
21 translators, parent and community meetings, and school events within
22 the community. The legislature encourages school districts to consult
23 with the office of the education ombudsman in developing plans for
24 parent and community involvement and outreach;

25 (b) Require that teachers demonstrate cultural competency in the
26 classroom and with students at each level of state teacher
27 certification, and provide additional opportunities for professional
28 development in cultural competency for current teachers;

29 (c) Create local alternative routes to teacher certification for
30 paraeducators and individuals in the communities surrounding schools
31 and school districts that are struggling to address the achievement
32 gap;

33 (d) Reexamine the study recommendations regarding data and
34 accountability and identify ways for the education data system to
35 address these needs; and

36 (e) Sustain efforts to close the achievement gap over the long term
37 by creating a high profile achievement gap oversight and accountability

1 committee that will provide ongoing advice to education agencies and
2 report annually to the legislature and the governor.

3 NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.300
4 RCW to read as follows:

5 (1) An achievement gap oversight and accountability committee is
6 created to synthesize the findings and recommendations from the 2008
7 achievement gap studies into an implementation plan, and to recommend
8 policies and strategies to the superintendent of public instruction,
9 the professional educator standards board, and the state board of
10 education to close the achievement gap.

11 (2) The committee shall recommend specific policies and strategies
12 in at least the following areas:

13 (a) Supporting and facilitating parent and community involvement
14 and outreach;

15 (b) Enhancing the cultural competency of current and future
16 educators and the cultural relevance of curriculum and instruction;

17 (c) Expanding pathways and strategies to prepare and recruit
18 diverse teachers and administrators;

19 (d) Recommending current programs and resources that should be
20 redirected to narrow the gap;

21 (e) Identifying data elements and systems needed to monitor
22 progress in closing the gap;

23 (f) Making closing the achievement gap part of the school and
24 school district improvement process; and

25 (g) Exploring innovative school models that have shown success in
26 closing the achievement gap.

27 (3) Taking a multidisciplinary approach, the committee may seek
28 input and advice from other state and local agencies and organizations
29 with expertise in health, social services, gang and violence
30 prevention, substance abuse prevention, and other issues that
31 disproportionately affect student achievement and student success.

32 (4) The achievement gap oversight and accountability committee
33 shall be composed of the following members:

34 (a) The chairs and ranking minority members of the house and senate
35 education committees, or their designees;

36 (b) One additional member of the house of representatives appointed

1 by the speaker of the house and one additional member of the senate
2 appointed by the president of the senate;

3 (c) A representative of the office of the education ombudsman;

4 (d) A representative of the center for the improvement of student
5 learning in the office of the superintendent of public instruction;

6 (e) A representative of federally recognized Indian tribes whose
7 traditional lands and territories lie within the borders of Washington
8 state, designated by the federally recognized tribes; and

9 (f) Four members appointed by the governor in consultation with the
10 state ethnic commissions, who represent the following populations:
11 African-Americans, Hispanic Americans, Asian Americans, and Pacific
12 Islander Americans.

13 (5) The governor and the tribes are encouraged to designate members
14 who have experience working in and with schools.

15 (6) The committee may convene ad hoc working groups to obtain
16 additional input and participation from community members. Members of
17 ad hoc working groups shall serve without compensation and shall not be
18 reimbursed for travel or other expenses.

19 (7) The chair or cochairs of the committee shall be selected by the
20 members of the committee. Staff support for the committee shall be
21 provided by the center for the improvement of student learning.
22 Members of the committee shall serve without compensation but must be
23 reimbursed as provided in RCW 43.03.050 and 43.03.060. Legislative
24 members of the committee shall be reimbursed for travel expenses in
25 accordance with RCW 44.04.120.

26 **Sec. 3.** RCW 28A.300.137 and 2008 c 298 s 3 are each amended to
27 read as follows:

28 Beginning in January 2010, the ~~((center for the improvement of
29 student learning))~~ achievement gap oversight and accountability
30 committee shall report annually to the superintendent of public
31 instruction, the state board of education, the professional educator
32 standards board, the governor, ~~((the P-20 council,))~~ and the education
33 committees of the legislature on the ~~((implementation status of))~~
34 strategies to address the achievement gap ~~((for African American
35 students))~~ and on the progress in improvement of education performance
36 measures for African-American, Hispanic, American Indian/Alaskan
37 Native, Asian, and Pacific Islander/Hawaiian Native students.

1 NEW SECTION. **Sec. 4.** A new section is added to chapter 28A.300
2 RCW to read as follows:

3 All student data related reports required of the superintendent of
4 public instruction in this title must be disaggregated by at least the
5 following subgroups of students: White, Black, Hispanic, American
6 Indian/Alaskan Native, Asian, Pacific Islander/Hawaiian Native, low
7 income, transitional bilingual, migrant, special education, and
8 students covered by section 504 of the federal rehabilitation act of
9 1973, as amended (29 U.S.C. Sec. 794).

10 NEW SECTION. **Sec. 5.** A new section is added to chapter 28A.410
11 RCW to read as follows:

12 (1) The professional educator standards board, in consultation and
13 collaboration with the achievement gap oversight and accountability
14 committee established under section 2 of this act, shall identify a
15 list of model standards for cultural competency and make
16 recommendations to the education committees of the legislature on the
17 strengths and weaknesses of those standards.

18 (2) For the purposes of this section, "cultural competency"
19 includes knowledge of student cultural histories and contexts, as well
20 as family norms and values in different cultures; knowledge and skills
21 in accessing community resources and community and parent outreach; and
22 skills in adapting instruction to students' experiences and identifying
23 cultural contexts for individual students.

24 NEW SECTION. **Sec. 6.** A new section is added to chapter 28A.660
25 RCW to read as follows:

26 The office of the superintendent of public instruction shall
27 identify school districts that have the most significant achievement
28 gaps among subgroups of students and for large numbers of those
29 students, and districts that should receive priority for assistance in
30 advancing cultural competency skills in their workforce. The
31 professional educator standards board shall provide assistance to the
32 identified school districts to develop partnership grant programs
33 between the districts and teacher preparation programs to provide one
34 or more of the four alternative route programs under RCW 28A.660.040
35 and to recruit paraeducators and other individuals in the local
36 community to become certified as teachers. A partnership grant program

1 proposed by an identified school district shall receive priority
2 eligibility for partnership grants under RCW 28A.660.020. To the
3 maximum extent possible, the board shall coordinate the recruiting
4 Washington teachers program under RCW 28A.415.370 with the alternative
5 route programs under this section.

6 NEW SECTION. **Sec. 7.** The superintendent of public instruction
7 shall take all actions necessary to secure federal funds to support
8 enhancing data collection and data system capacity in order to monitor
9 progress in closing the achievement gap and to support other
10 innovations and model programs that align education reform and address
11 disproportionality in the public school system.
